Islam in a Nutshell *The Muslim Brotherhood*

“And make ready . . .”

Surah 8:60: “And make ready against them all you can of power, including steeds of war (tanks, planes, missiles, artillery) to threaten the enemy of Allah and your enemy, and others besides whom, you may not know but whom Allah does know.” (Muhammad Muhsin Khan translation)

Motto:

**Allah is Our Objective
The Quran is Our Constitution
The Prophet is Our Leader
Jihad is Our Way
Dying for the Sake of Allah
Is our Highest Aspiration**

Syyid Qutb and the Muslim Brotherhood were conspirators in a plot to assassinate Egyptian President Gamal Abdul Nassir in 1955. Qutb was convicted along with six other members of the Muslim Brotherhood and executed by hanging in 1966.

Qutb wrote in his signature book, Milestones, "Islam cannot accept any mixing with Jahiliyyah (ignorance), either in its concept or in the modes of living which are derived from this concept. Either Islam will remain, or Jahiliyyah: Islam cannot accept or agree to a situation which is half-Islam and half-Jahiliyyah. . . .The foremost duty of Islam in this world is to depose Jahiliyyah from the leadership, and to take the leadership into its own hands and enforce the particular way of life which is its permanent feature. . . . [Islam] has come to abolish all such concepts, laws, customs and traditions, and to replace them with a new concept of human life, to create a new world on the foundation of submission to the Creator. [Islam] did not propose similarities with their system or manners to please them, as some do today when they present Islam to the people under the names of 'Islamic Democracy' or 'Islamic Socialism'". (pp 130-134)

The current Spiritual Leader of the Muslim Brotherhood, Yusuf al-Qaradawi, has been living in exile in Qatar. In July of this year Qatar stripped him of his Qatari citizenship. Qatar has also ordered out of the country the leader of Muslim Brotherhood affiliate Hamas, Khaled Meshaal. Qaradawi has been trying unsuccessfully to get visas to France or the UK. Qatar is trying to distance itself from the Muslim Brotherhood.

The Brotherhood's strategy memo, while published in May 1991, was drafted earlier, "...general strategic goal of the Group in America which was approved by the Shura Council and the Organizational Conference for the year [1987]."

In other words this strategy has already been operative for at least 20 years in America. The strategic objective of the Brotherhood in America is clear:

"The *Ikhwan* [The Muslim Brotherhood's name for itself] must understand that their work in America is a kind of grand *Jihad* in eliminating and destroying the Western civilization from within and 'sabotaging' its miserable house by their hands and the hands of the believers so that it is eliminated and Allah's religion is made victorious over all other religions."

Another important concept of the Civilization Jihad is "[u]nderstanding the role and the nature of work of 'The Islamic Center' in every city with [how it] achieves the goal of the process of settlement."

According to the Brotherhood's strategic concept, Islamic religious and educational centers are what, "[constitute] the "axis" of our Movement, the "perimeter" of the circle of our work... the 'base' for our rise ... to educate us, prepare us and supply our battalions in addition to being the "niche" of our prayers."
